

Item No. _____

CA4

Frozen Beverage Dispenser Ice Shaver/Blender

Features

Serve frozen beverages, like exotic frozen cocktails, non-dairy smoothies, and other non-alcoholic drinks. Ice shaver/blender is portion controlled for consistent drink quality.

Simple Operation

Pour ice into the hopper. Fill the flavor tubes with concentrated flavorings. Press the appropriate A, B, and C buttons on the control. The proper amount of ice is shaved, flavoring is added, and blended, automatically.

Blender

Blender cup holds 2 quarts (1.9 l). Blender motor speed varies to optimize finished beverage consistency.

Microprocessor Control

Separate push buttons control portions for shaving ice, dispensing flavorings and blending drinks. Digital counter calculates servings in two categories: per drink flavors dispensed and number of blends. Serving size capability of 12 to 18 fl oz (355 to 532 ml). Ice shaver, flavor dispensing and blender operation may also be operated manually.

Ice Hopper

Capacity of 7 gallons (26.5 liters) or approximately 42 lbs (19.1 kg).

Flavor Tubes

Each of the four flavor tubes holds 2 quarts (1.9 liters).

Static Cling Flavor Labels

Set of ten static cling labels: Margarita, Daiquiri, Piña Colada, Lemonade, Strawberry, Cherry, Cappuccino, and three blank to write in other flavors
